

Your prescription drug co-payments at a glance

Show this to your doctor and discuss ways to pay less for your medications.

	At a retail pharmacy	Through the <i>Medco Pharmacy</i> [®] mail-order service
Generic drugs	\$15 34-day supply	\$45 90-day supply
Preferred brand-name drugs	\$25 34-day supply	\$75 90-day supply
Nonpreferred brand-name drugs	\$40 34-day supply	\$120 90-day supply

Note: If you request a brand-name medication when a generic equivalent is available, you will **pay the generic co-payment, plus the difference in cost** between the brand and the generic.

You'll pay more for your long-term drugs (such as those used to treat high blood pressure or high cholesterol) **unless you order your prescriptions through the mail by using the *Medco Pharmacy*.** The first two times that you purchase a long-term drug at a participating retail pharmacy, you'll pay your retail co-payment for up to a 34-day supply. After the second purchase at retail, you'll pay the entire cost if you continue to purchase it at retail.

Important: Effective January 1, 2012, a \$4,875 annual limit applies for all prescription drug benefits per family, per calendar year.

Medco may contact your doctor about your prescription

If you are prescribed a drug that is not on your health plan's preferred list, yet an alternative plan-preferred drug exists, we may contact your doctor to ask whether that drug would be appropriate for you. If your doctor agrees to use a plan-preferred drug, you will usually pay less.

For short-term prescriptions, such as antibiotics, use a participating retail pharmacy

As a Medco member, you can go to any of **nearly 60,000 retail pharmacies**, including most major drugstores. Just ask your retail pharmacy if it's in the Medco network. You can also log in to www.medco.com and click "Locate a pharmacy" or call Member Services toll-free at 1 800 413-7402. For your convenience, we've identified some participating pharmacies near your address.

Please contact Member Services for in-network pharmacies near you.

Specialty medications: Get individualized service through Accredo

Specialty medications are drugs that are used to treat complex conditions, such as cancer, growth hormone deficiency, hemophilia, hepatitis C, immune deficiency, multiple sclerosis, and rheumatoid arthritis. Our dedicated specialty pharmacy, Accredo Health Group, Inc., is composed of therapy-specific teams that provide an enhanced level of individualized service to patients with special therapy needs.

As part of your prescription drug benefit, you will have access to the enhanced services of Accredo for your specialty medication needs. To get the most from your prescription drug benefit, start purchasing your specialty medications from Accredo. **If you use a pharmacy other than Accredo to purchase certain specialty medications, you will be responsible for the entire cost.**

By ordering your specialty medications through Accredo, you can receive:

- Toll-free access to specialty-trained pharmacists and nurses 24 hours a day, 7 days a week
- Delivery of your medications within the United States, on a scheduled day, Monday through Friday, at no additional charge
- Most supplies, such as needles and syringes, provided with your medications
- Safety checks to help prevent potential drug interactions
- Refill reminders
- Up to a **90-day supply** of your specialty medication for just one co-payment

If you are taking one of the following specialty medications, please contact Member Services immediately to make sure that there is no interruption in your therapy: *Letairis*[®], *Promacta*[®], *Revlimid*[®], *Sabril*[®], *Thalomid*[®], *Tysabri*[®], *Xenaxine*[®], *Xiaflex*[®].

For more information about Accredo, or to order your specialty medications, please call Member Services toll-free at 1 800 413-7402.

My Rx Choices[®]: An easy way to lower your out-of-pocket prescription costs

The Employees' Security Fund of the Electrical Products Industries benefit includes the **My Rx Choices** prescription savings program, which is designed to help you find potential savings on prescription medications that you or your covered family members take on an ongoing basis.

Your doctor knows which medications are right for you but may not know their cost. **My Rx Choices** provides you with available lower-cost options so that you and your doctor can make the most informed decisions based on health and cost. No prescription is ever changed without your doctor's approval. Simply log in to www.medco.com/choices. Please take a moment to register before using this service.

Generic drug advantage

FDA-approved generic drugs may have unfamiliar names, but they are **safe** and **effective**. Be assured that generic drugs and their brand-name counterparts:

- Have the **same active ingredients**
- Are manufactured according to the **same strict federal regulations**

Generic drugs may differ in color, size, or shape, but the U.S. Food and Drug Administration requires that the active ingredients have the same strength, purity, and quality as the brand-name alternatives.

Prescriptions filled with generic drugs often have a lower co-payment. Therefore, you may be able to get the same health benefits at a lower cost. You should **ask your doctor or pharmacist whether a generic drug would be right for you**. You may be able to receive the same high-quality medication but reduce your expenses.
