December 2011

Dear Employer:

The Trustees of the Electrical Employers Self Insurance Safety Plan (EESISP) made a decision to increase the contribution rates for certain classification codes by 20%, **effective week ending December 21, 2011, (week #51)**. As an example, the rate for electrical wiring will be increased from 5% to 6%. All other rate increases to classification codes will be reflected in the forms and invoices provided to you by the Joint Industry Board. This applies to contributing employers who report payroll electronically or manually. This increase may be effective for up to 6 months, at which time it will be reviewed again by the Trustees.

If you have any questions about the new EESISP rates, please call the EESISP Department at: 718-591-2800, Ext. 1250.

Thank you for your cooperation in this matter.

Sincerely,

Joint Industry Board of
the Electrical Industry
