Dear Participant:

We are pleased to announce that, effective January 1, 2017, your hospital coverage under the Employees Security Fund of the Electrical Products Industries Health and Welfare Plan ("ESF") will be provided through Empire Blue Cross. Your medical, surgical, lab and other non-hospital related coverage will still be provided through MagnaCare and your prescription drug coverage will continue to be provided through Express Scripts.

### Why is this being done?

After much research and review, the Trustees of the ESF concluded that Empire Blue Cross can provide the most cost-effective hospital coverage to Plan Participants, as well as offering the largest network of participating hospitals.

By maintaining MagnaCare as your non-hospital medical network, the ESF Participants and their families will be able to access the same excellent and wide range of choice of doctors, surgeons, labs and diagnostic providers as they do now. There will be no need to change your current doctor.

### What will happen next?

In December you will receive 2 new cards: Your Empire Blue Cross ID Card for all hospital based services and a new MagnaCare card for all non-hospital based medical services. **Please note that the ESF Plan design for Plan "C" Participants has not changed.**

If you have any questions after you receive your new cards in December you may contact the Hospitalization Department at extension 1350.

Sincerely,

The Trustees of the Employees Security  
Fund of the Electrical Products Industries  
Health and Welfare Plan
