Anthem.com / Sydney mobile have for many years supported the display of pricing information for grouped procedures (e.g., Arthroscopic Knee Repair) based on historical claims.

We believe members will continue to want a full bundled cost associated with their full episode of care.

The screenshot shows the Anthem.com website interface. At the top, the Anthem logo is on the left, and navigation links for 'My Plans', 'Claims and Payments', 'Care', 'My Health Dashboard', and 'Support' are in the center. On the right, there are links for 'Español', 'Profile', and 'Log Out'. Below the navigation bar, there is a search bar with '97068' in the address field and 'knee' in the search field. A dropdown menu is open, showing search results for 'knee'. The results are organized into sections: 'Specialties' (Orthopedics (Knee)), 'By Procedure' (Physician Office Visit (Knee Pain), X-Ray, Knee (Three Views), X-Ray, Knee (4+ Views), X-Ray, Knee (One or Two Views), and Knee Repair (Arthroscopic), Cartilage), and 'Provider Name' (View All). The 'Knee Repair (Arthroscopic), Cartilage' procedure is highlighted with a red box. Below this, there are four provider listings for JOSHUA L. KNEESHAW, P.T., with their respective addresses and distances from the user's location.
