

- Advanced Solid State Traffic Controller (4 Sessions)
- Alternative Energy - Photovoltaic Solar Energy, Wind Energy, Geothermal Energy, Hydro Energy (6 Sessions)
- Amtrak Certification (eLearning)
- **Asbestos Allied Trade/Restricted Handler (4 Sessions)**
- **Asbestos Handler (8 Sessions)**
- AutoCAD Basic/Advanced (6 Sessions)
Prerequisite: Basic Computer Skills
- Basic Computer Skills/Microsoft Office (6 Sessions)
- Basic Wiring (6 Sessions - Virtual)
- **Bloodborne Pathogens TB & Respiratory Protection (2 Sessions)**
- Building Electrification and Heat Pump Technologies HVAC (4 Sessions)
Prerequisites: Motor Control & Motor Control Hands-On Training
- Building Information Modeling BIM (16 Sessions)
- Citizenship Responsibility Course (3 Sessions)
Course required for Jury Duty Supplemental Benefits
- City Test Prep (27 Sessions)
- Code of Excellence (1 Session)
- Commercial Driver's License Written Permit Test Preparation (3 Sessions)
- Conduit Pipe Bending -
 - Basic (1 Session)
 - Intermediate (1 Session)
 - Advanced (1 Session)
- **Confined Space (2 Sessions)**
Prerequisites: Pre Req. Confined Space on Jiblearning.org
- Crane Operator Certification (3 Sessions)
Prerequisites: Boom Truck & Knuckle Boom Online Training - eLearning
- Critical Thinking Weekend Seminar (Long Island Education Center, Cutchogue, NY)
- Diversity Training (2 Sessions)
- Energy Storage & Microgrid Training & Certification ESAMTAC (9 Sessions)
- English as a Second Language Tuesdays 5 P.M. to 8 P.M. (Avail. to participating members and immediate family members)
- **EPA Lead Remodelers Renovation, Repair and Painting (2 Sessions)**
- Estimating - Basic (10 Sessions)
- Estimating - Advanced (10 Sessions)
Prerequisite: Estimating Basic Class
- Electric Vehicle Infrastructure Training Program
- Fiber Optic Fusion Splicing (3 Sessions)
- Fire Alarm (3 Sessions - Virtual)
- From Concept to Invention Seminar (1 Session)
- G.E.D. – Test Preparation Program - Tuesdays/ Thursdays 5 P.M. to 7 P.M. (Avail. to participating members and immediate family members)
- GPRO (Green Professional Building Skills Training)
- Grounding and Bonding (7 Sessions)
- GWO Safety Training (4 Sessions)
- **Hazard Communication (2 Sessions)**
- **Hazwoper (8 Sessions)**
- Heart Saver First Aid with CPR and AED (3 Sessions)
- High Rise Construction and Practices (7 Sessions)
- High Rise Residential Code/Infrastructure (3 Sessions)
- High Voltage Splicing
Prerequisite: High Voltage Theory
- High Voltage Theory (10 Sessions)
- High Voltage Testing (24 Sessions)
Prerequisite: Lockout Tagout and CPR
- Jobsite Communications and Media Skills (4 Sessions)
Computer & Internet skills required.
- **Lead and Respiratory Protection Initial (2 Sessions)**
- Lighting and Building Controls Class (6 Sessions)
- Motor Control Theory (4 Sessions - Virtual)
- Motor Control Hands on Training (4 Sessions)
Prerequisite: Motor Control Theory
- MTA Track Certification (1 Session)
Prerequisite: Transit Works Skills
- NICET Certification (1 Session)
- NYC Electrical Code Seminar (1 Session)
NYC Electrical Code Requirements
- NYC Electrical Code Chapter 2 (8 Sessions)
Prerequisite: NYC Electrical Code Seminar
- NYC Electrical Code Chapters 3 & 4 (7 Sessions)
Prerequisite: NYC Electrical Code Chapter 2
- NYS Energy Savings Lighting Technology (7 Sessions)
- **PCB (Polychlorinated Biphenyls) and Mercury Awareness and Handling Course (1 Session)**
- Pre-Retirement Seminar (4 Sessions)
- Project Management Introduction (5 Sessions - Virtual)
- Project Management Advanced Class (7 Sessions - Virtual)
- Project Management Exam Preparation course (3 Sessions - Virtual)
- Roadway Lighting -
 - Level 1 (4 Sessions)
 - Level 2 (4 Sessions)*Prerequisite: Work Zone Temporary Traffic Control*
- Supervision Training (2 Sessions)
- Supported Scaffolding (1 Session at NYC College of Technology)
- Tele Data and Fiber (8 Sessions)
- Traffic Signal -
 - Level 1 (4 Sessions)
 - Level 2 (4 Sessions)*Prerequisite: Work Zone Temporary Traffic Control*
- Transit Work Skills (15 Sessions)
Course required for MTA Track Certification
- Work Zone Temporary Traffic Control Technician (4 Sessions)
- Welding (Introduction) (13 Sessions)
 - Welding ARC 1 (12 Sessions)
Prerequisite: Welding Introduction, F-60 & G-60 Certification
 - Welding ARC 2 (2 Sessions) *Prerequisite: Welding ARC 1*
 - Welding ARC 3 (2 Sessions) *Prerequisite: Welding ARC 2*
