GHS - OSHA HCS Comparison

Comparison of Hazard Communication Requirements

Always click on "Continue" if available to complete interactive exercise.

The screenshot shows a web browser window displaying a ClickSafety interactive exercise titled "Pictograms". The main content area features a large red diamond pictogram with a flame, labeled "Irritant Dermal Sensitizer Acute Toxicity (harmful) Narcotic Effects Respiratory Tract Irritation". To the left, the text "Gases Under Pressure" is visible. To the right, the text "Oxidizers" is visible with a green checkmark. A red arrow points to a green-bordered "continue" button. A yellow callout box with a red arrow pointing to the button contains the text: "Always click on 'Continue' to complete the Interactive Exercise". The footer includes contact information for ClickSafety Support Services and copyright notices for 1999-2013 ClickSafety.com, Inc.

REMINDER: Clicking on any weblinks will open a new window

The screenshot shows a web browser window displaying a ClickSafety interactive exercise titled "What About Risk?". The main content area features a list of bullet points and a large graphic of the GHS logo (The Globally Harmonized System of Classification and Labeling of Chemicals). A red arrow points to a link labeled "Annex 5". A yellow callout box with a red arrow pointing to the link contains the text: "Reminder: This will open up another window." The footer includes contact information for ClickSafety Support Services and copyright notices for 1999-2013 ClickSafety.com, Inc.

Always Minimize the window to get back to the course.

ANNEX 5

The screenshot shows a web browser window displaying a PDF document. The browser's address bar shows the URL: <http://www.clicksafety.com/ucp/images/pdf/courseware/Annex5.pdf>. The browser's menu bar includes File, Edit, Go to, Favorites, and Help. The toolbar shows various icons for navigation and printing. The main content area displays the text 'Copyright © United Nations, 2007. All rights reserved' and a large heading 'ANNEX 5'. A sidebar on the left contains a table of contents with items like 'Foreword', 'Table of contents', 'Part 1. INTRODUCTION', 'Part 2. PHYSICAL HAZARDS', 'Part 3. HEALTH HAZARDS', 'Part 4. ENVIRONMENTAL HAZARDS', and 'ANNEXES'. A yellow callout box with a red arrow points to the minimize button in the browser's window control bar, with the text 'Minimize to get back to course'.

If you receive a screen that does not load, follow the steps to clear out your cookies and cache.

CLICKSAFETY®

If your page does not load, follow the steps below:
The first thing is to remove the Temporary Internet Files on your computer. You can accomplish this by going to your WINDOWS START menu and opening the CONTROL PANEL. From there, choose INTERNET OPTIONS and you want to click on the DELETE button locate in the center of the window under "delete browsing history." You should have a list of options with checked boxes at this point so you want ONLY the TEMPORARY INTERNET FILES and the COOKIES to be checked, then click delete. Once deleted, close your browser and relaunch JIBE! and log back in. The problem should be gone.
